

## Bar Service

Pay for the alcohol you need and that's it! We bring the alcohol, the bar supplies, and the bartenders. Call for details.

We can do a cash bar where your guests pay our bartender each time they buy a drink.

We can treat it as an open bar and at the end of the night we will provide you with the total bill.

We can also do a hybrid of those two things, for example, you tell us you want to cover the first 'x' dollar amount of the bar tab and then after that we collect payment from your guests as they purchase drinks.
